

Christmas Scavenger Hunt for Kids

Two tick lists and 12 festive clue cards — for
Christmas Eve, Christmas morning or a winter walk.

How to use these sheets

1. For a tick-list hunt, print one sheet per child and set a 15-minute timer.
2. For a clue trail, pick 6–10 clue cards, hide each one at the answer to the card before it, and hand over the first.
3. Hide the final card next to a small present, the Christmas Eve box or the stockings.
4. Keep clues away from candles, the oven and fairy-light plugs — tape them on the outside of things.
