

Indoor Scavenger Hunt Clue Cards

24 rhyming riddle clues for around the house — cut out,
hide and play.

How to use these sheets

1. Pick 6–10 cards for your home and decide the order. Hide each card at the answer to the clue before it.
2. Give the children the first card. Each answer tells them where the next card is waiting.
3. Put the treasure — party bags, a treat, a small toy — at the last hiding spot.
4. Hide clues ON or NEXT TO things, never inside appliances, and keep away from sockets, cookers and anything high.
