

Scavenger Hunt Lists for Kids

Four ready-to-print tick lists: indoors, the garden, an autumn walk and a rainy-day colour hunt.

How to use these sheets

1. Print one sheet per child or per team. Pencils or crayons for ticking off.
2. Agree the boundaries first: which rooms, how far down the garden, or which part of the park.
3. Set a time — 15 to 20 minutes suits most 4 to 8 year olds. Older children can race the clock.
4. Count up together at the end. Everyone who tries gets a sticker; the full sheet earns a small prize.
